NZDA welcomes it's new CEO!

NZDA executive and members warmly welcome Gwyn Thurlow as the associations new CEO.

Gwyn brings a wealth of experience to our organisation, ranging from extensive hunting experience on game animals throughout New Zealand, executive office holding at a branch level, a driving force in the establishment of the National Heritage Trust and the new building, writing and presenting submissions to government on firearms and many years working for law firm Chapman/Tripp.

Here is an outline of what the Executive perceive as being priority areas for the CEO to concentrate on:

No	Item Action	Comment	Priority
1	Organisational Design NATOF•	By 31 July propose organisational model for consideration and adoption by NATEX to include office and executive rules for enhanced organisational management	1
2	Process assessment NATOF	Gap analysis of NATOF and NATEX processes procedures and proposals to remedy	2

3	NATEX member skill set assessment and review	Constitution allows for members to be appointed to the Exec what skills and competencies can assist in the future development of the organisation	1
4	Business Plan review and rewrite	Current BP has not been gamended for some time and lacks meaningful measures and actions	2
5	Business growth strategy	Initial plans to grow membership are to be put into middle time period with recession anticipated. How best to look after membership and retain / sustain / engage current members	1
6	Stakeholder engagement plan	Positioning of NZDA with key organisations including government, NGOs, private sector, proposals to include partnering arrangements. CEO to undertake key introductory meetings.	2
7	Costs reduction cost management following Covid -19 impacts	While current budget indicates sufficient income the executive must look to ways of reducing expenditure in the short and medium term what ways can we reduce our costs in	1

		particular making use of member and staff resources rather than go to market or contractors.	
8	Membership system review and recommendations	The arrangements for membership renewal and new member processing is inefficient and creates poor outcomes nationally and for branches. How might this be improved	1
9	IT asset management and replacement	Comment has been made about the aging IT infrastructure a asset management strategy shall be developed to ensure NATOF and NATEX is capable of meeting the needs of members/ stakeholders.	3
10	Chasing Great check for currency and future role	Chasing Great has been the mantra for NZDA improvements for four years and requires a sense check given progress since its adoption	3

•Note NATOF is the national office while NATEX refers to the national executive

National President Report

Trevor Chappell

The lock down period under Covid 19 certainly curtailed many of our members activities, including my own. However we have moved to level two and we can now enjoy most of the activities previously available before level four put a stop on everything.

Many thanks to all those members who participated in the "Special Photographic Lockdown Competition." Hopefully your prizes will be posted in the next week or so - I am just waiting on Hamills to send them to me for distribution.

My work these last few weeks has been getting reports written for the conference handbook and checking to ensure other annual reports are submitted.

There has also been liaison with DOC over access issues into the Blue Mountain RHA hunting blocks, particularly mid-week through forestry operational areas.

Discussion with DOC is still progressing on improved access into the southern Pureoras - it amazes me how forest managers can have so much influence on reducing access to the public conservation estate.

I have also met with Mark Bridgman of the Sika Show - which will still proceed at the end of September at this stage - about display booths for NZDA and the Heritage Trust.

The Zoom Executive meeting on 16 May discussed in detail the proposed format for the forthcoming annual conference - the minutes are attached.

Finally, I again remind members of the excellent discounts we have arranged with commercial operators - taxidermists, hunting and shooting suppliers, water and helicopter travel, game callers etc. Please use these sponsors where possible.

Regards

Trevor Chappell

Hi NZDA members,

My activities as follows:

- Attend NZDA quarterly Zoom meeting
- Judge NZDA Lockdown Photo competition
- NZDA building project management

My best regards go out to all our members and their families over this difficult time. Look after each other

and think of how you can help those who may be in less fortunate situations.

Lower South Island Representative

Ian Owen

Hi all,

With lockdown and social distancing the regional meeting for the Southern branches was held using Zoom, the topic of the meeting was the upcoming conference.

The majority of branches were in favor of postponing conference until a face to face conference could take place, but came to the conclusion that Natex wouldn't listen to them and the digital conference would take place regardless.

The next meeting was scheduled to after the branches received the conference handbook.

A Zoom Natex meeting was held on Saturday the 16th of May, which I attended, where a number of items were discussed.

Lockdown Photo Competition

A promotional poster for the NZDA Lockdown Photo Competition. The background is a photograph of two young boys in a field, one using a spear to spear a dead sheep. The NZDA logo, featuring a green deer head with antlers and the text 'NZDA Est. 1937', is in the top left. The text 'NEW ZEALAND DEERSTALKERS' ASSOCIATION INC' and 'PROTECTING HUNTERS' RIGHTS IN NZ SINCE 1937' is in the top right. The main title 'LOCKDOWN PHOTO COMP' is written in large, white, 3D-style letters across the top. On the left, yellow text reads 'SENIOR + JUNIOR CLASSES' and '\$1300 PRIZES'. In the center, yellow text reads 'OPEN TO ALL NZDA MEMBERS'. On the right, yellow text reads 'PROUDLY SPONSORED BY' above the Hamills logo, which is an oval containing a green fly and the text 'HAMILLS TRUSTED SINCE 1955'.

Deerstalkers' House Update

Great news as the construction manager firmly thinks work will be finished by Friday the 3rd of July.

General Notices From Staff at National Office

National Office Premises - Level 3

Now that we are in level 2, we have resumed working from our temporary office in Wellington.

The landline was redirected for the duration of lockdown but will be reverted back soon. However email is the best and most efficient form of contact at the moment.

If the matter is urgent, please contact 04-499-6163.

Your Membership Invoice Update

2020/21 Renewal invoices are almost complete.

Thank you to everyone that has paid their membership invoice recently, we appreciate it is a frustrating

time not being able to hunt extensively during the Covid-19 period, however your capitations fees go towards the running of the Association and the advocacy work to continue to protect our hunting rights in New Zealand during Covid-19.

The National Office Staff have been busy reconciling all these payments and dealing with the many queries and new memberships.

So just a quick thanks to everyone that has referenced their payment correctly, it was a huge improvement on last year and it is very much appreciated as it makes it so much easier.

If you haven't received your invoice yet, this may be because of a couple of reasons:

1. We have an incorrect email address for you.
2. It went to your spam folder, please check; it will be from nationaloffice@deerstalkers.org.nz
3. You don't have an email address, and you normally receive your reminder by post.

The printers were closed during level 4 so these are a little behind in being printed and sent so should be with you soon.

If you still haven't received your invoice (either by email or in the post) by the end June, please contact membership@deerstalkers.org.nz

Credit and Debit card payments

We have been alerted that there are a small number of people that the below credit card facility is not working for them.

This is due to an older computer or browser not supporting the strict security it needs. If you forward the invoice and email link to a smart phone or another family member, it should work there.

Alternatively you can pay via bank transfer or phone the office to pay over the phone. Just don't forget to include the correct references and invoice number.
